RESOLUTION NO. 4 OF 2016 – ADOPT 2016 CASH MANAGEMENT PLAN

BE IT RESOLVED by the Board of Commissioners of the City of Ventnor City that the Cash Management Plan for the City of Ventnor City, as outlined in the attached document is adopted for the 2016 fiscal year.

Cash Management Plan of Ventnor City in the County of Atlantic

I STATEMENT OF PURPOSE

This Cash Management Plan (CMP) is prepared pursuant to provisions of N.J.S.A 40A:5-14 in order to set for the basis for the deposits and investments of public funds of the City of Ventnor. The CMP is intended to

assure that public funds identified herein are deposited in interest bearing accounts or otherwise safeguarded, in permitted investments to insure safety, liquidity and a maximum investment rate of return. The CMP is intended to insure that any deposits and permitted investments mature within the time period that approximates the prospective need for the funds, deposited or invested so that there is not a risk to the market value of Ventnor cash resources.

II CASH MANAGEMENT POLICY

A. Objectives: The priority of investing policies shall be, in order of descending importance, security, liquidity and yield.

- (1) Security: The safety of principal is the foremost objective of the CMP. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective is to mitigate credit risk and interest rate.
- (2) Credit Risk: Credit risk is the risk of loss due to failure of the security issuer or backer. Credit risk may be mitigated by:
 - (1) Limiting investments to the safest types of securities.
 - (2) Pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which an entity will do business.
 - (3) Diversifying the investment portfolio so that potential losses on individual securities will be minimized.
- (3) Interest Rate Risk: Interest rate risk is the risk that the market value of the securities in the portfolio will fall due to changes in general interest rates. Interest rate risk may be mitigated by:
 - (1) Structuring the investment portfolio so that securities mature to meet cash requirement for ongoing operations thereby avoiding the need to sell securities on the open market prior to maturity, and
 - (2) By investing operating funds primarily in shorter-term securities.
- (4) Liquidity: The investment portfolio must remain sufficiently liquid so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity).
- (5) Yield: The investment must be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking in to account the investment risk constraints and liquidity needs. Return on investment is of least importance compared to the safety and liquidity objective described above. The core of investments is limited to relative low risk securities in anticipation of earning a fair return relative to the risk being assumed. The Chief Financial Officer shall carefully evaluate any investment offering above market yields. Securities shall not be sold prior to maturity with the following exceptions:
 - (1) A declining credit security could be sold early to minimize the loss of principal.
 - (2) A security swap would improve the quality, yield or target duration in the portfolio.
 - (3) Liquidity needs of the local unit require that the security be sold.

B. Standard of Care

- (1) Prudence

The standard of prudence to be used by investment officials shall be the “pedant person” standard and shall be applied in the context of managing an overall portfolio in accordance with the State law and this policy. The Chief Financial Officer, acting in accordance with written procedures and this CMP and exercising due diligence be relieved of personal responsibility for an individual security’s credit risk or marked price changes, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of the cash management plan and policy.

Investment shall be made with the judgement and care, under circumstances then prevailing, which persons of prudence discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

- (2) Ethics and Conflicts of Interest

The designated officials in the investment process shall not have personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Actions of the

individuals involved in administering the AMP shall be governed by the Local Government Ethics Law. They shall disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. The actin with the same individual with whom business is conducted on behalf of the City.

(3) Delegation of Authority

Authority to manage the CMP is granted to the Chief Financial Officer pursuant to N.J.S.A. 40A:5-14. Responsibility for the operation of the CMP is hereby delegated to the Chief Financial Officer. No person may engage in an investment transaction except as provided under the terms of this policy and the written procedures established by the Chief Financial Officer. Discussions ensued with the determination that Administrator Russo would contact Atlantic County since Ventnor Ave is a County road to receive any necessary approvals.

LINDA KAPLAN, 12 N Wissahickon asked Emergency Management Coordinator Donna Peterson for an update on the pending storm. Ms Peterson reported the information available and indicated residents would be informed via "Robo call" as more information becomes available. Ms Kaplan then asked the Commission to

January 21, 2016

consider a Resolution eliminating the title of Management Specialist.

MARC SILVER, 112 S Surrey again asked the Commission to consider blinking the first 3 lights on Atlantic Av (Fredericksburg, Melbourne & Newark). Stating there are no State laws prohibiting doing such, it would be a Commission decision whether to do so or not. Mr Silver reported he spoke with Police Chief Miller and Mayor Bagnell who have no objections if the remaining 2 Commissioners support it as well. Cmr Kelly responded she spoke with the Police Department who told her the Solicitor is looking into the matter and the Police Chief is waiting to make his decision based on her recommendation. Mr Silver asked the Commissioners for their support if the Solicitor, Police Chief and Mayor have no objections.

Regarding the issue of property revaluation or reassessment, Mr Silver suggested the Tax Assessor include in any RFP's that the vendor bring the software for tax records up to date.

Mayor Bagnell announced the public hearing was open and anyone could be heard speaking for or against the Ordinance.

RICHARD GOBER, 26 N Hillside, stated although he had not read the Ordinance he has some concerns with the terminology based on what he read in the paper and asked the Commission to explain the intent of the Ordinance. Solicitor Weintrob explained there are several properties in foreclosure or abandoned and left in disrepair. It is difficult to identify the parties responsible for up keeping these "zombie" properties in order to send notice regarding property maintenance/code violations, hazard notices, demolition orders, etc. Atlantic County has contracted with a company who will identify, monitor and keep track of parties responsible for these properties. The responsible party will pay a fee of \$500 (\$100 to company, \$100 to County, \$300 to City) In response to Mr Gober's question "why aren't we doing this now" the solicitor responded we have already passed a zombie ordinance, this is second layer - joining county and get funds for it. Mr Gober suggested hiring in house personnel instead of joining the county. The Solicitor concluded by assuring Mr Gober that if the City does not benefit from this arrangement the Ordinance can be repealed.

PUBLIC PORTION

RICHARD GOBER, 26 N Hillside suggested repainting the crosswalks on Ventnor Av as they presently are on Atlantic Av

JOHN SEWELL, 22 West Dr, Margate reiterated topics he brought up at previous meetings: 1) correcting the deplorable condition of the City Hall doors, 2) blinking lights on Atlantic Av during off season and better synchronization of lights during the summer, 3) unleashed dogs and canine census, 4) unwillingness to freeze hiring and wages as this is responsible in part for the large number of vacant store fronts along Ventnor Av since property rents are driven by property taxes.

LINDA KAPLAN, 12 N Wissahickon echoed Mr. Sewell’s remarks concerning blinking lights on Atlantic Av and better dog law enforcement then asked the Mayor to acknowledge speakers when they address the Commission.

KENNETH ESADA, 111 S Cambridge also agreed with the comments made by Mr. Sewell, in particular the need for better dog control.

MICHAEL ADVENA, 6410 Monmouth asked what the outcome was relating to the contract for the Health Insurance Consultant. The Solicitor stated it is a 1-year contract that can terminate with 30-day notice. Payment will be monthly so if contract is terminated prior to year’s end, he will not be entitled to the balance. Regarding the budget, Mr Advena asked the following: what is the budget total for 2016. CFO Aboderin responded \$29,136,619.78. What was 2015 total? Ans. \$30,831,020.00. Mr Advena asked if there was increase from 2012 to 2013 of approximately \$3M. The CFO explained in 2012 and 2013 we received CDBG money from the State in amount of \$5M. \$2.5M was used in 2013 and the remainder in 2014. Mr Advena asked for confirmation that even with this year’s reduction, there is still an increase of approximately \$2M since 2012. The CFO could not verify that figure but offered to get the information for him.

RICHARD GOBER asked if there are signs stating the permitted evening hours for dogs on the beach and emphasized the need for strict enforcement to prevent lawsuits. On an unrelated matter, Mr Gober asked if beach badge revenues increased since badges were checked at beach entrances this past season. The CFO reported an increase of approximately \$30,000 over 2014 collection. Mr Gober further suggested offering commissions to the checkers based on number of beach badge they sell. Ms Aboderin informed him the City did give small incentives (no more than \$50) to the checkers.

There being no one further wishing to be heard, Mayor Bagnell moved, seconded by Cmr Kelly the Public Portion be closed.

6:48PM EXECUTIVE SESSION

MAYOR BAGNELL read the statement required before Executive Session: *“The New Jersey Open Public Meeting Act permits the discussion of certain matters within Executive Session, as an exception to certain provisions of said law. The Ventnor City Board of Commissioners wishes to discuss certain matters, which qualify as exceptions in Executive Session. No action binding upon the Board of Commissioners will be taken within Executive Session and the discussion conducted in closed session will be disclosed to the public when legally permitted and when the public interest will no longer be served by keeping such matters confidential. The matter to be discussed is: Potential Litigation. The Solicitor added the possible litigation is related to 6509 Winchester Ave and it is anticipated that action will be taken when the Commission returns to open session.*

The Solicitor reported the property at 6509 Winchester Av received a Small Cities loan administered thru the ACIA in 1994 in amount of \$11,335 which lien is recorded in County Clerk’s office. A provision of the loan is if you make repairs to the property and stay in the house for 5 years the loan will be written off. The property owner is now selling the home (settlement is scheduled for 2.25.16) and has contacted the CFO. The City has no records of this loan. Since there is a lien, the Title Company will cut a check to the City in the amount of \$11,335 and the property owner will most likely file suit against the City. The City records show consistent ownership since 1994 so the recommendation is to pass a resolution to release the lien.

Mayor Bagnell moved, seconded by Cmr Kelly the Executive Session be closed and return to Open Session.

6:53PM EXECUTIVE SESSION CONCLUDED

SOLICITOR WEINTROB reported during executive session discussed was the property at 6509 Winchester Av and the issue of a lien on the property that should have been forgiven by the City about 2 decades ago but wasn’t done. The landowner is selling the property and the City must release the lien. The Solicitor asked the Commissioners to pass a Resolution allowing them to release the lien.

Mayor Bagnell moved seconded by Cmr Kelly the Resolution releasing said lien be adopted.

PUBLIC PORTION

CASSANDRA SHOBER, 210 N Newark asked for an explanation of the budget amendments. CFO Aboderin reported the amendment included the use of \$3M from surplus instead of \$2M which is 76% of Surplus balance reducing tax rate 2.3 cents and the inclusion of Atlantic Co DWI, State Housing Cooperative, Drunk Driving Enforcement and Recycling Tonnage Grants. Cmr Kelly and the CFO told the audience copies of the amendment are available. In response to Ms Shober's question for clarification of the tax rate decrease, the CFO reiterated this would be a decrease of the Municipal Purpose tax rate.

MARC SILVER, 112 S. Surrey asked what was the \$\$ reduction of the budget. The CFO responded the budget amount after the amendment is \$29,228,189.00. Discussions ensued relating to the decision made at the workshop (use an additional \$378,000 of surplus to have \$0 tax increase) and now that amount is increased by \$672,000 to create a tax decrease. Mr Silver cautioned that doing this might have a significant effect on the new administration – "one they will never be able to recover from". He suggested using a surplus amount to produce a \$0 tax increase (CFO said that amount would be \$500,000) but not using any more since it will take time to build it back up and cause a CAP problem in the 2017 budget. The CFO advised the Commission that the amendment has already passed and to make any changes now would require another amendment and public hearing. Cmr Kelly agreed the budget amendment should be reexamined.

MIKE ADVENA, 6410 Monmouth joined the discussion and also spoke of the negative affect on next year's budget. He recapped how \$5M was used to fill 2 previous shortfalls and \$3M being used this year, leaving very little monies to fill holes in 2017. He continued by stating the new administration will inherit a \$10.3M debt if the State does not forgive the \$5M grant/loan (meeting with State on 4/14/16 will give more information on whether \$\$\$ will be grant or loan) and the City begins paying down the \$5.6M NJEIT bond (CFO confirmed loan is 19% principal forgiveness, 25% at market rate & 56% at 0 interest). Mr Advena suggested the City should have been using bond money to pay NJEIT projects, not borrowing from the W/S Utility and cautioned that considerable infrastructure work is still needed in the City. As discussions continued, the CFO clarified payment of the \$1.6M portion of the NJEIT grant/loan for the VGP Pump Station project will be divided equally among Atlantic County, Margate and Ventnor and money from the NJEIT grants will not be available until May.

MR. SILVER asked if the City has contracted with a company to do the reval? The Solicitor reported that tax maps were just approved by State and the next step will be the approval of RFP's. Administrator Russo added the State must also approve the contract before award but the hope is to have the reval underway by summer so residents will be here to open their homes for inspection. In conclusion, Mr Silver suggested the Commission contact the League of Municipalities for guidance and sample ordinances dealing with political signs.

CAROL SHAW, 6904 Atlantic and ROBIN MITCHELL, 5000 Boardwalk voiced their concerns over the proposed Jitney route on Atlantic Av and comments by the Mayor in the Downbeach Current indicating it would be in place by Memorial Day. The Mayor responded there has only been one short meeting with the Jitney Assoc. The Association is proposing a route on Atlantic Av during limited night time hours throughout the summer months only for the purpose of reducing traffic and decreasing DUI's. Discussions among the residents, Mayor, Solicitor, and Police Capt Biagi concluded with the assurance that nothing has been decided and there would be ample time for public participation. Cmr Kelly further suggested Ms Shaw attend the Ventnor-Margate Bicycle Pedestrian Community presentation at the VECC on Wednesday, March 30th where further information may be available.

MIKE ADVENA asked the following 2 questions: 1) Have you heard any more on a Countywide Revaluation? Ans: No 2) Any truth to information given to North Beach Residents by representative of Mayor's office that Army Corp is coming in to put bulkheads in front of their houses? Ans: Mayor reported Army Corp wanted to do a feasibility study about redoing bulkheads from Jackson to Victoria. Mayor informed them NJEIT grants already received to replace City bulkheads from Jackson to Austin. They will not be coming in to replace any residential bulkheads and City will not be bonding \$300,000 needed to do study.

PUBLIC PORTION

MICHAEL ADVENA, 6410 Monmouth asked the following questions regarding bonds. 1) Has the City begun drawing down on the \$5.6M Bond to pay back the water/sewer utility? The CFO answered no, escrow closing was on Monday, documents have not yet been submitted for reimbursement, closing on loan is next month. About \$1M was used from water/sewer and remaining was used from Capital. Mr Advena asked if these bond payments are included in the 2016 budget. CFO answered no, payments begin the year after we started drawing down on the bond. Terms of the \$5.637M loan are: 25% at market rate when money is borrowed, 56% at 0 interest and 19% principal forgiveness. 2) What is present status of \$5M grant/loan used to offset property taxes after Sandy. CFO still does not have definitive answer. Paperwork for cancellation of loan must be filed with State by May 13th. Process to request cancellation was presented at a seminar she attended last week. After submission of paperwork State will determine if we qualify for complete cancellation, partial cancellation or if we must pay back the loan. In July State will send a timeline informing Ventnor what path we are on (complete, partial or no cancellation) then schedule interviews in September. We will have no answers until next year. If State does not cancel loan Ventnor will have 5 yrs from date promissory note was signed (2013) and can asked for 5 year extension therefore 7 yrs to complete payments. Loan is interest bearing making payments approximately \$750,000 per yr.

MARC SILVER, 112 S Surrey again asked Commission to significantly lower water and sewer rates citing \$\$ amounts to support his argument. He spoke of a history of low collection rates which deficits have now been eliminated. Mr Silver offered to sit down with Commission and go over figures but the Mayor and CFO indicated rates for 2016 will remain the same as 2015. Mr Silver then questioned the wording of Res 59-16 authorizing RFP's for a reval firm and offered real estate value figures as compared to Margate and tax appeal numbers as proof a reval was needed 4 yrs ago. A discussion ensued concerning the need for updating of tax maps, the need for state approval of the maps, reassessment v revaluation, etc. with Mr Silver asking the residents be given back money by lowering the water/sewer rates.

PAULA DELUCA, 110 N Derby presented Commissioner Kelly with flowers as a thank you for her 8 years of service and Commissioner Sarno and Mayor Bagnell with candy for their 4 years of service. Ms DeLuca then asked if the Reval RFP's will go to all 9 qualified firms. She was told the RFP packet would be sent to any of the 9 firms who request it. On the subject of the proposed dog park, Ms DeLuca asked about meeting she was told took place with City Officials and the DEP and NPS regarding the Lafayette Ave park and potential issues with cloud on title and illegal conversion to use not approved or authorized by the NPS. The Solicitor told Ms DeLuca no meetings were held and none have been scheduled. She has been in contact with Jessica Patterson of the DEP who is looking into the title issue and the question of private funds being used on City owned land.

LINDA KAPLAN, 12 N Wissahickon thanked Commissioner Kelly for her years of service, complementing her on the "Herculean job". She voiced her disappointment in 2/3 of the administration noting patronage, nepotism, arbitrary raises and not instituting a wage and hiring freeze. She asked Commissioner Sarno if he has applied for or will be applying for a job with the City. Cmr Sarno stated he will not apply for a City job.

PUBLIC COMMENT

LINDA KAPLAN, 12 N Wissahickon asked the status of Mr Quirk's employment. Mayor Holtzman, stating personnel matters are not discussed, reported he is no longer working for the City. On another subject, Ms Kaplan asked if the Commission is considering selling the water works, noting that water rates tend to increase under private ownership, something Ventnor residents cannot afford. Mayor Holtzman assured Ms Kaplan the Commission could not make that decision alone. A referendum vote of the people would be required. Cmr. Landgraf also assured her it is not something they are considering right now. They are focusing on "getting their feet wet" with other issues needing to be addressed first, for example water/sewer rates.

DARYL SHALL, 10 S Newark thanked the Commissioners for taking on the challenge of making Ventnor a better place and asked how residents can follow the progress of their "100 day plan" and provide input. Cmr Landgraf described an excel spreadsheet created with the "Top 10" items needing attention which will be updated and published on the webpage and Facebook page. He told Mr Shall if he has a specific question moving forward to "reach out" and he will respond. Mayor Holtzman added this Commission will be accessible and the residents will be treated with respect as evidenced by the new procedure when employees answer the phone and by the keeping of phone logs. Cmr Kriebel also indicated the Facebook page will be implemented more and the webpage will be improved when funds become available.

CMR LANDGRAF thanked department heads for their attendance indicating they will be attending future meetings to answer any Commission questions that may arise.
