

# When Disaster Threatens to Strike Twice

How to Protect Yourself and Others  
from Financial Exploitation after a Disaster

## FREE WORKSHOP

Designed for New Jersey residents of all ages, this lively 90-minute workshop, delivered by professional instructors, will teach you:

- The types of exploitation that occur in the wake of a disaster and the most effective ways to respond.
- How to recognize potentially unscrupulous contractors and find a reputable professional to repair a damaged home.
- Simple precautions to help you protect property and assets.

*Come learn where to report financial exploitation and how to get help when someone is victimized.*

---

**Each participant will receive a  
handbook full of valuable  
information and resources**
