**10-10:30 AM: Presentation**  
**10:30-11 AM: Your Ideas**

*\* Your participation  
and input is vital  
for the plan to be  
successful!*

The City of Ventnor received a grant from the state to reexamine its Master Plan. By law a Master Plan must be reexamined every ten years. The last Master Plan was adopted in 2006. Much has changed since 2006—economic conditions in the county have declined and Superstorm Sandy has required the City to become more resilient. Please come to this meeting with your ideas for Ventnor’s future. Tell us what you like about your community and suggestions to make it better.
